Little Rascal's Room

The Little Rascal Class has a busy month ahead! First, we would like to wish one of our little girls Ariana the best luck in moving up to the Honeybee class! We would also like to welcome our newest addition Rion to our class. We will be having a pumpkin hunt either on the playground or in our classroom depending on the weather. We will also have lots of Halloween based crafts to do; like painting pumpkins, face painting, apple tasting and of course a BIG Halloween party towards the end of the month. At our party we will even be trick-or-treating around the center! We look forward to seeing everyone in their costumes! It's going to be a fun filled month and we are both looking forward to it!
